

Sermon Notes

01/11/26

¹⁵ “Make upright frames of acacia wood for the tabernacle. ¹⁶ Each frame is to be ten cubits long and a cubit and a half wide, ¹⁷ with two projections set parallel to each other. Make all the frames of the tabernacle in this way. ¹⁸ Make twenty frames for the south side of the tabernacle ¹⁹ and make forty silver bases to go under them—two bases for each frame, one under each projection. ²⁰ For the other side, the north side of the tabernacle, make twenty frames ²¹ and forty silver bases—two under each frame.

²² Make six frames for the far end, that is, the west end of the tabernacle, ²³ and make two frames for the corners at the far end.

²⁴ At these two corners they must be double from the bottom all the way to the top and fitted into a single ring; both shall be like that. ²⁵ So there will be eight frames and sixteen silver bases—two under each frame.

²⁶ “Also make crossbars of acacia wood: five for the frames on one side of the tabernacle, ²⁷ five for those on the other side, and five for the frames on the west, at the far end of the tabernacle. ²⁸ The center crossbar is to extend from end to end at the middle of the frames.

²⁹ Overlay the frames with gold and make gold rings to hold the crossbars. Also overlay the crossbars with gold.

³⁰ “Set up the tabernacle according to the plan shown you on the mountain. Exodus 26:15-30
